

## SJS MAPLETON

November 28, 2018

Dear Parents, Teachers, Building Occupants, and Employees,

I would like to take this opportunity to provide you with a brief update as the campus undergoes several improvement projects. As most of you know, after few years of having three schools on campus, occupancy dropped to only two schools. Now we are very excited to share that The Wilberforce School will be coming back to the campus and will begin operating in Building 2 starting Fall 2019. This will be part of our effort to have each school occupy their own separate dedicated building.

Currently Building 2 is under renovation preparing the space for The Wilberforce School. We anticipate the construction work in Building 2 will be complete in May 2019. The majority of work is taking place inside, however you may notice some exterior activities on the roof and new utility trenching around the perimeter of the building.

In addition to the work in Building 2 you will also notice activity on the South end of the campus by the circle drop off area. We are currently running a new utility service into Building 4. This utility relocation project should be complete in the next 45 days weather permitting. The utility service relocation is in preparation for a new 54 space parking lot that will be installed in the grass area not far from the circle drop off area. This parking lot will provide additional parking as the campus grows. The majority of the parking lot construction will take place during the summer months to avoid disrupting school activities. The new parking lot and other site improvements will be complete Fall 2019 when Wilberforce will join the campus community.

SJS Mapleton has been actively working with our team of professionals including our traffic engineer, civil engineer, as well as township officials to improve the traffic flow and site design to adequately serve all three schools. Any required changes in the campus circulation including drop off and pick up instructions and locations will be coordinated with each school. These updates will be shared with the community once they are fully developed.

The Main Office of SJS Mapleton LLC is located in Building 1. Please reach out with any questions or concerns. I am generally available during the hours of 8am-4pm Monday through Friday and can be reached at 609-452-7500.

Thank you,

Adam Pate

Campus Director of Operations
